A Little About Me

written by ChrisWingMaker August 2025

I feel discontented living in this current societal structure (America, 2025).

While there are some righteous wealthy people, and plenty of unrighteous unwealthy people, what I see before me is a sell-out hierarchy. The mainstream society of this planet is actually a loosh farm for the negative alien hierarchy, where all the wealth and social energy is being systematically vacuumed to the cabal via fiat inflation:

Probably the best explanation of a loosh farm (covert slave labor):

https://en.wikipedia.org/wiki/The_Ricks_Must_Be_Crazy

The demonic realm, corteum, Chimera (defeated 2023), Archons, Draco, Reptilians, Greys, and other negative aliens feed off of human emotional suffering (loosh) like the dementors in *Harry Potter and the Prisoner of Azkaban*, so mainstream jobs are covertly made humiliating with their purpose and efficiency hijacked ("your life is a game to us, we are laughing at you from the shadows above your head").

Our current mainstream society being hijacked into loosh slavery by negative aliens is explained well in this book:

<https://www.amazon.com/Bringers-Dawn-Pleiadians-Barbara-Marciniak/dp/093968098X>

The cabal all handle each other, and this system is extended through the mainstream hierarchy on this planet for those too weak to resist the handler/handled dynamic (disrespectful talk down).

Status on this planet begins at birth by family status, and then is mostly determined by how good you are at being cannon fodder for the negative alien hierarchy. Obviously competency, skill, and IQ do play a part, but all major systems are currently hijacked and corrupted by the cabal for societal control.

Righteous people generally have a harder time achieving societal success, because they (sub/)consciously are repelled by the rampant cabal disinformation within academia, business, and government. I see a lot of PhDs who are very proud of being competent in cabal disinformation ("You gotta flip them off Morty, I told them it means peace among worlds, how hilarious is that"):

<https://www.youtube.com/watch?v=DqEgMLDS5CM>

Most mainstream jobs are loosh slave work that just move money around for the cabal, are not productive, and do not progress humanity. The cabal pedophile bankster parasite is apparently made alpha male because he sold out to satan and satan's anti-life system. Just read "Silent Weapons for Quiet Wars".

The actual alpha male is Thor (noble masculinity, protector):

<https://en.wikipedia.org/wiki/Thor>

As I have stated in my article "Exposing the Jesuit Order", two-thirds of world leaders have kissed satan's feet underneath the vatican. This in itself tells you the current state (cannon fodder) of the leadership structure on this planet.

The cabal has psychological profiles on everyone on the planet through intensive mass surveillance, and they basically reward cannon fodder and punish righteousness (operant conditioning) for societal control so that they can implement the New World Order. They identify righteous people early on and sabotage them with scalar attack so that leadership on this planet is controllable:

<https://finalwipeout.blogspot.com/2025/07/scalar-matrix-what-still-remains.html>

Society does not thrive or advance in art, philosophy, and science, but rather most male reverence, female attention, and energy is covertly directed to the [cabal pedophile bankster parasite](#):

[https://en.wikipedia.org/wiki/American_Psycho_\(film\)](https://en.wikipedia.org/wiki/American_Psycho_(film))

<https://simple.wikipedia.org/wiki/Loki>

This is why the jesuit logo is IHS (Isis, Horus, Set). It is the pedophile/predator (set/satan) infringing upon the family (Osiris, Isis, Horus).

The psychopath (set) is the empty shell of masculinity, and psychopaths are only able to thrive in corrupt anti-life societies ('Hell' section, *Heaven and Hell*, Swedenborg). Psychopathy is unable to gain any footing in advanced human galactic societies (socially castrated), because the societal structure does not allow for it ('Heaven' section, *Heaven and Hell*, Swedenborg).

A real man (Osiris, Horus) possesses all the positive attributes of psychopathy (cunning, driven, competitive, intelligent), but is also altruistic and seeks the higher good for all. A real man is kind, but is strong enough so that his kindness is not mistaken for weakness.

The Osiris, Isis, Horus, and set story is accurately depicted in the *Lion King*, and I am here to make sure that that movie's ending comes to fruition soon so a new, better story can begin:

<https://www.youtube.com/watch?v=t9ma5S22wfc>

https://www.youtube.com/watch?v=_O4B_NTkBVs

This article is actually me venting my pain (not suffering—I do not suffer), because I would like to live in a society that is similar to the Heaven Swedenborg describes:

https://swedenborg.com/wp-content/uploads/2015/08/NCE_HeavenandHell_portable.pdf

My father went to Princeton (name drop), but I have extricated myself from my "assigned lot in life", have not "conformed to the social notch cut out for me" ("Silent Weapons for Quiet Wars"), and have been punished by the cabal for it.

I am in my late 20s now, and looking back on my life I was first sabotaged in middle school. I could barely focus in high school due to scalar attack and societal programming, but I managed to pass and get into decent colleges.

However, at the end of my senior year of high school, my guides and Higher Self triggered my spiritual awakening with a very intense "dark night of the soul". After that point, I was basically scalar attacked out of college and have been on a spiritual path, working "blue collar" jobs.

I do not mean to be offensive saying "blue collar", but if you are feeling offended, this is kind of my whole point. The cabal sells out to the draco, steals everyone's money, and has the "white collar" class (more matrix comfort, 9-5, M-F, weekends off, less disrespectful talk down) programmed out of their minds to sit over the "blue collar" class (less matrix comfort, odd hours, inconsistent schedule, work weekends, more disrespectful talk down):

<https://www.youtube.com/watch?v=bek1y2uiQGA>

https://www.youtube.com/watch?v=KLDIag_Bcgk

<https://www.youtube.com/watch?v=D77dbv-xNfE>

My guides had me avoid corporate behavioral programming so I could learn to meditate and take back my cognition and mental energy from the cabal. I found out who my guides were and who I am (see my "Intro" article).

This is not how society is supposed to look. If you think this is normal then you do not understand how much money (free, uncontrolled access to natural resource) the cabal has stolen from you already, and how badly (itching) the cabal want to implement a global North Korea.

Everyone is programmed to be obsessed with IQ and its seemingly subsequent societal success (where did you go to college and what is your fiat salary?). This is made a quantifiable measure of your value as a human being (what do you do? What does your husband or father do?)

There is some validity to this. Men generally do, and women generally be/muse/experience (of course women can do and men can be too). However, there is so much more to life than this—this is like the empty shell of the egg. This is "first world" survival mode, not the public Utopia humanity is meant to experience.

I have worked as a delivery driver and behind the cash register, with low salaries, and people have tried to talk down to me all the time. My pain and experience is a lesson for me—and for those who listen and wish to understand—on how this society is hijacked.

I have a higher IQ and am more competent than most people I interact with on a day to day basis (I am tall and handsome too), yet I am treated as if I am an idiot because of my loosh farm status. I could do the jobs most men do better than they can, but I have intuitively chosen (it goes both ways) not to sell out to a black system to avoid becoming cannon fodder for the negative alien hierarchy.

I have fortunately been able to behaviorally avoid loosh slavery for the most part through advancing my intuitive understanding of how this loosh farm works (anti-life hierarchy, behavioral programming, God-perception control, financial control, emotional suffering). I am being humbled by a corrupt society so I can understand what "evil" is, and I am here to correct it—that is my mission.

I am not complaining. I am expressing a valid disapproval of covert tyranny and societal sabotage. The cabal has been targeting my life experience (they are terrified of me) and I am calling them out. I have a rich and fulfilling (lasting joy and inner peace) life as an advanced cosmic being aligned with God outside of earth. I have a cosmic perspective (eternity) and view lifetimes on terra-earth as very short missions (80 years?) to bring Light to a dark world:

<https://www.youtube.com/watch?v=szzVIQ653as>

"People who think about divine providence in worldly terms come to the conclusion that it applies only on the largest scale, but that the details are left to us. But people who think this way do not know the mysteries of heaven. They draw their conclusions solely on the basis of self-love, love for the world, and the things that give pleasure to these loves. So when they see evil people raised to high rank, making more money than good people, and skillfully and successfully accomplishing evil things, they say in their hearts that none of this would be happening if divine providence were operative in all the details. They fail to take into account, though, that the goal of divine providence does not concern what is momentary and transient, what comes to an end when our lives in this world cease. Rather, its goal concerns what lasts to eternity, what therefore does not have an end. Whatever has no end is real, while what comes to an end is relatively unreal. Consider, if you will, whether a hundred thousand years are anything next to eternity, and you will see that they are not. What then are the few years of our lives in this world?

"Anyone who weighs the matter properly can know that eminence and wealth in this world are not genuine divine blessings, even though we call them that because we enjoy them so much. They come to an end for us; and they also lead many of us astray and turn us away from heaven. No, the real blessings that come from the Divine are eternal life and the happiness it brings."

—§269, *New Jerusalem* by Emanuel Swedenborg

https://swedenborg.com/wp-content/uploads/2016/10/NCE_NewJerusalem_portable.pdf

I have taken the red pill (*Matrix*), put on the glasses (*They Live*), and am expressing what I think of the cabal. My experience ("new lifestyle", *Bringers of the Dawn*) and information is an important service to humanity in the fight for liberation:

<https://www.youtube.com/watch?v=28NG1rETvWg>

<https://2012portal.blogspot.com/2018/03/pleiadians.html>

Many (triggered) men want to throw their loosh farm (slave) status and their fiat salary in my face to make sure I know my place ("buddy, you should not have this much confidence delivering boxes or behind a cash register"). I can assure all of you cannon fodder (buddy) half-men, I know my place very well (above you, I am 6'8", handsome, intelligent, and righteous as f*ck), and I think that's the root of the issue we are having. You have stumbled upon the wrong person if you are expecting submissive behavior—I am a sovereign child of God and I do not let disrespect hit. To return the favor, all I see is a bank account directly computer linked to the Jesuit Order ("Silent Weapons for Quiet Wars"), and a career and social/financial life remote controlled by covert handlers and negative alien AI (cannon fodder for DARPA N3):

<https://www.youtube.com/watch?v=tAPI6mv2O-U>

Most men on this planet do not understand that if they are not in the cabal or know how to alchemize gold, their fiat salary (and even investment profile—that's adorable, did you think you were beating the cabal's system?) is constantly depreciating and a humiliation against them. They do not understand that their career is slave labor for satanic pedophiles. I would like to tell them that.

"Every technology has the potential for good or evil, and who defines what's good and what's evil and who uses it for what purpose. These are all questions that have been asked about everything from rockets to self-driving vehicles. We still don't have a handle on the ethics of the various technologies that we use. The technologists tend not to be so concerned with the ethics."

<https://www.youtube.com/watch?v=wZRkfbSTt8>

DARPA is completely controlled by the cabal and jesuit order. DARPA, the US Government, the intelligence agencies (CIA, NSA, MI5, MI6), are lying to the public about the level of technology they currently have (WOW, WHO WOULD HAVE GUESSED, SATAN LIES?). DARPA already possesses telemetered N3 and have been weaponizing this mind control against the population through the Scalar Matrix for about two decades. Other mind control technologies have been around much longer. There is currently no consideration of ethics and the cabal is using this technology right now to try to attack the population into submission to the New World Order:

<https://sarahwestall.com/dr-giordano-the-need-for-a-reality-check-is-now-darpas-n3-mind-control-technology-eliminates-the-need-for-implants/>

<https://www.lovetruthsite.com/the-targeted/>

<https://www.youtube.com/watch?v=o1rLEAjACz8>

<https://www.youtube.com/watch?v=wMeOIjEvSc>

God actually protects your career and social/financial life if you are aligned with the Light, and the jesuits cannot touch my bank account because angels psychically guard it (the jesuits are terrified of angels, read svalispeaksagain.wordpress.com). The jesuits cannot touch my brain either, because I am psychically more advanced than them:

<https://odysee.com/@BiofieldPractice:5/trim.51885492-246C-45B1-85B7-C5370E28D45B:d>

Of course there are also many men who are respectful (mutual respect, Source equality), protected themselves (didn't sell out—maybe also investing in gold/silver), and on the same page. I just have to express the kind of disrespect Jesuit cannon fodder have tried to show me on a daily basis.

All the cabal know how to do (remote controlled cannon fodder for negative alien handlers) is identify the righteous through scalar telemetry and then microwave bullet barrage and socially sabotage them. This is because the righteous are a threat to this loosh farm and their covert tyranny.

Rather than society being derailed into a private Utopia (I am confused, are you actually winning cabal? It seems like you just torture and hate each other...) for deranged satanic pedophiles while everyone else is repeatedly purged, humanity is meant to naturally progress from survival mode to a public Utopia like Pleiadian, Agarthan, and galactic society:

<https://channelings.substack.com/p/hakann-the-galactic-network>

<https://channelings.substack.com/p/ashtar-an-interview>

<https://channelings.substack.com/p/hakann-q-and-a-the-galactic-confederation>

I know I mention the word "cannon fodder" a lot, but it is the absolute perfect word to describe those who sold out to a black system. It is hypocritical how the cabal uses the word in "Silent Weapons for Quiet Wars", because the cabal themselves are the epitome of cannon fodder for demonic and negative alien infiltration into our human world:

"Occultic practitioners will go through all kinds of discipline, training, pain, torture, trauma, learning to do spells, sacrifices. They'll do whatever it takes to achieve their status. But in the end it's just demons making fools out of people. The demons are making people—they're like 'jump' -'how high?' 'jump higher' -'how high?' 'go through this maze like a little mouse for me'. And the demons are just laughing because they got a human being to listen to them. And so as I look back I think, what a waste—my whole lifetime of training was a waste because I was following foolishness. I was following stupidity and I didn't even know it because all the people around me were following it too. We didn't question each other.

"Now I will tell you something though that happened when I was a trainer and I was in my late 20s, we had a four year old child—one of those ones with the really high intelligence. And this child came to the fathers and I and this child said 'Why are you all so afraid of satan? Why don't you all stop?' and we looked at her like oh my gosh. Because she said 'Why are you doing this? Why don't you stop following him?' and we were all stunned and of course we had to do a lot of major reprogramming on her—but dude, you know? But she saw as a four year old child what we as adults were afraid to look at. We were foolish, we were deceived. We were following the demonic which is foolish. I think in Romans it says 'When they turned away from the living God they became fools'

(Dan Duval and Svali Part 2 Jesuits, Kings of the Earth, and Antichrist—Discovering Truth Network)

However the cabal are actually correct in using the term when describing the masses who have sold out (consciously or unconsciously) to the cabal's system. "cannon fodder" is so perfectly represented by the shantytown drifter in *They Live*.

Just a heads up, most current leadership on this planet will be removed from power because their souls are not advanced enough. All of their wealth, tech, and status is tied and centralized to a black quantum computer (a coefficient spreadsheet) that is going to collapse and be restructured by the Light forces (like *Elysium*). In the new earth, only advanced souls will lead so that leadership maintains a public Utopia (sun, where everyone thrives), and doesn't sell out to tyranny (black hole, jesuit order logo).

All those who sold out to the New World Order think they are winning in life because their loosh farm status artificially appeases their algorithm:

<https://channelings.substack.com/p/djizout-the-algorithm>

<https://www.youtube.com/watch?v=cxTd--3Nzc8>

They will find out that all they ever had was a *Matrix* steak, that is taken away from them mid-meal:

<https://www.youtube.com/watch?v=GeAcikP5N7M>

<https://www.youtube.com/watch?v=7e5avIj1KmA>

I have been holding out in a corrupt society where I have been unable to express my intellect and creativity properly due to cabal control (why would I let my masculine skill be hijacked and drained to a black hole?). I have organically integrated my algorithm through spiritual growth:

<https://en.wikipedia.org/wiki/Clodoald>

I have been strategically fighting my entire life for the liberation of this planet and will continue to do so until liberation is complete:

<https://www.youtube.com/watch?v=k0SZ8lQ3MLQ>

<https://www.youtube.com/watch?v=V4ZG35t6Z-U>

<https://www.youtube.com/watch?v=GlCFPo6YYbU>

<https://www.youtube.com/watch?v=bWXazVhlyxQ>

<https://www.youtube.com/watch?v=aTL4qIIxg8A>

Righteous people can fight against this covert tyranny wherever they are within the system. It is great if you have a high salary, I am happy for you—just make sure you did not sell your soul to get it.

Women have a lot of power in the kind of man they find attractive because women are social with each other in this way. Righteous women should stop looking for the monkey with the most bananas in a

corrupt system. They should stop supporting "a wealthy man's cannon fodder or a cheap source of slave labor" ("Silent Weapons for Quiet Wars"). Righteous women should be seeking to support righteous (real) men, and not psychopathy. This has an influential effect upon other women. It always makes me feel relieved when I hear women speak about Jesus being attractive, because His lifetime is a powerful example of righteous masculinity. The latest Superman and Batman films have also done a good job representing the righteous masculine:

[https://en.wikipedia.org/wiki/Superman_\(2025_film\)](https://en.wikipedia.org/wiki/Superman_(2025_film))

[https://en.wikipedia.org/wiki/The_Batman_\(film\)](https://en.wikipedia.org/wiki/The_Batman_(film))

Righteous women should focus on cultivating Goddess energy. Goddess energy (unconditional love) is the most powerful force in all of creation:

"The Goddess wants Love among the people on this planet and Love it will be. "

https://2012portal.blogspot.com/2014/07/cosmic-goddess-activation-report_1.html

"In the center of our Galaxy, there is a huge double star, the source of Light and life for this Galaxy, the Galactic Goddess, the Pleroma, the Galactic Central Sun."

<https://2012portal.blogspot.com/2015/07/galactic-wave-of-love.html>

"It has been requested from the Light forces that at the time of the Event all Sisterhood of the Rose groups meet, meditate for a peaceful transition and invoke Goddess energies of Love and harmony."

<https://2012portal.blogspot.com/2014/05/sisterhood-of-rose.html>

Righteous men should be less concerned with their fiat salary (feeding the beast) aside from survival and working within the social atmosphere they can be most effective for God in. They should be investing in gold, silver, and property. Righteous men should strive to advance humanity in art, philosophy, and science without getting hijacked by the cabal for loosh slavery. They should be doing what they can behaviorally to transform this corrupt system.

We should be actively directing our mainstream society away from a loosh farm and towards the higher good, so that humanity can thrive in freedom under God and so that satanic pedophiles can no longer harm our children:

Warning, graphic material below

"A child in the sex slave business has a useful expected lifetime of two years. They fail to thrive in that setting. They die of disease, neglect, abuse and giving up.

"The kids are killed if they are seriously hurt, refuse to work, or become too jaded to attract customers. They are almost never freed by their owners because they could talk. It is a dead end occupation usually."

...

"If they are transported to a place like New York City, the owner can make about US\$50 per hour for about 10 hours a day, roughly US\$500 a day or \$3,000 a week, which is \$150,000 a year.

"The kid's food costs next to nothing. The owner has to house them. The rent and clothes, etc. are less than \$10,000 depending on the location. It is still \$140,000 profit per year, or about \$300,000 for the expected life span of the child.

"The going price for brothel owners to buy a kid on an auction block in New York City and D.C. is between \$500 dollars for a sick kid to \$50,000 for a choice virgin who is blond and blue eyed and speaks English.

"The average price for a kid from a war zone is about US\$2,000. Then there is about a \$10,000 cost to get into the auction at all."

...

"Rich people like fine wines to show up monthly and this is a variation of that. They are signed up for it almost automatically without any choice in the matter if they attend certain high class estate ceremonies around the world hosted by people like the Rockefellers.

"Getting in the door means that you can't get out it again when the ceremony starts unless you are a very good spy. The ceremony will involve the human sacrifice of some person—often a toddler or young virgin.

"After that initiation in the fine art of human sacrifice the guest is expected to carry on that tradition of entrapping others just the same way. Failure to do so is associated with death and blackmail threats. Death can be the result of "accidents."

"Few people are sophisticated enough to know not to get into one of these traps or how to get out of them. They have families and they cave in to the pressure. It then perpetuates itself. They get a baby a month to ritually kill and entrap all the politicians and police chiefs that might try to stop their rise to fame."

...

"Most of these dockers do not like having to load human cargo. The smell of urine and feces inside gives it away. Water has to either go in on a two-week trip or be in containers on the inside. The water is almost always drugged.

"Some of the people inside the containers die. It is intentional. The percent that die is called the spoilage rate.

"The brothel owners want to buy children from a spoilage rate of 40 percent on up so that they can get kids too traumatized to resist or try to run away. The stench can be dreadful.

"Dockers sometimes vomit as these containers get unloaded — that is how bad it is. Sometimes, they hose the containers down inside before they go into the harbor so that the smell does not give them away. But then they have to deal with the dead bodies that they find inside."

...

"Slave auctions happen fast. People want to be in and out in under two hours max. It is not unusual for the whole thing to take 45 minutes including putting the kids in the vans. The vans are pulled into the warehouse (sic) and loaded inside. A man wins the auction bid, and has his security man pull the van in and load it and then back it out. He doesn't want to have "loose cargo" sitting out there for long. The kids are drugged up on the ships but they are coming out of it during the auction so that the buyers can see what kind of personality they have and whether they are going to attract customers.

"As soon as a "lot" of kids, usually 10 to 100 are sold, they are given oral drugs again and loaded into the vans. But it takes up to 10 minutes for the drugs to sedate them again and in that amount of time they can do a fair amount of damage inside a van or make a fair amount of noise."

<https://www.gailallen.com/theo/Secrets-of-the-CIA-Global-Sex-Slave-Industry-by-Dr-Sue-Arrigo.html>

"All international occultic societies engage in pedophilia and human trafficking to some degree. In this post, I will expose one of the biggest money-makers for the order I was raised in: the infant and child sex trade.

"The center of the "industry" as it is known to brokers (those who buy and sell infants, children and teens for various uses) is in south Amsterdam, known to those in the industry as "sin city". Sin city contains the brothels and sex houses known to the public, but it has a seamy understand that is less known: the trafficking in children and infants."

...

"I had been to these parties for years, and knew the private practices of the Rothschilds, Battenbergs and others, which were quite perverse"

...

"Once the shipment arrived, word went out, and the buyers for the larger private brothels would come. The Amsterdam child brokers have a list which is updated every month, with the current market price for infants, toddlers, children and preteens; these prices vary by race, training (e.g. whether the child can perform an unusual sexual feat, or has been specially "stretched" since birth to accommodate an adult penis, etc.), whether they are a twin, and other factors. The buyers and the brokers both know the going "list" price, which is set at the private coffeehouses where the brokers gather and discuss prices; I often served these brokers coffee and ran to get them cigars as a young child in my Dutch presentation. After a period of negotiation, the buyers for the brothels (some international) pay and take the children. Some shipments also contain children earmarked for various occultic groups, for use in rituals or other events.

"Some children go to the auction houses. The largest is located on the outskirts of Paris, and is a popular destination for the wealthy. After an extravagant dinner served at 11 pm, at which the wealthy wear designer originals and deck themselves with jewels, there is a brief entertainment (such as an orchestra, or singing, etc.) At 1 am, the auction starts, with children exhibited and bid upon. This goes on hour after hour, as the wealthy bid on the children that will accompany them to the next "sex party", or on ones to be given as "gifts" to return a favor. Some are taken home that night; one that sadly they will likely not live through.

"The "industry" brings in billions of dollars a year. An infant in the late 1960's would sell for thousands of dollars; a child, from 1000 to 10,000 (for an especially pretty child or one with special training); they would certainly sell for more now. One truckload of children back then would bring in hundreds of thousands of dollars. The brokers keep careful track of the money earned, and have specialized accountants for this purpose."

<https://svalispeaksagain.wordpress.com/2018/08/02/exposing-the-international-sex-trade/>

When I was in elementary school, I visited Washington D.C. with my family. While I was touring the US Supreme Court, I had telepathic communication with children in cages in the basements below. I did not directly talk with them, but I knew that they were down there and terrified. This was before my conscious awareness of my telepathic abilities was ridiculed by cabal societal programming and I forgot about everything. I was concerned and I actually told my father about it while we were walking around the building. Some security guards overheard, and I could sense that they knew something about it when I said it and that they were alarmed that I had this awareness. My father told me that that was impossible and ridiculous and we continued our tour.

Note: the cabal always try to flip terminology and symbolism to the negative: "evil" is "live" spelled backwards. The jesuits are not ascended masters (can't reach). The jesuits are not pro-jesus, they are very antichrist. The pentagram is a goddess symbol (*The Da Vinci Code*, chapters 6 and 20). Also, below, Svali is hinting at the jesuits drinking the blood in the golden bowls (adrenalized-blood/adrenochrome/vampirism) but understandably not directly saying that—but I will.

"The Jesuit class comes out. On 1000 golden poles in the arena are tied infants, toddlers and young children, and one by one, the Jesuit trainees must slaughter them. Around the arena are golden bowls which they use to catch the blood from each victim, which is then offered to Satan. There are also golden bowls filled with wine, which the Jesuit trainees drink from when they are thirsty or emotionally overcome by the horror of what they are doing.

"At the end of this ritual (called "the slaughter of the innocents") the trainee is considered an ascended master and a full Jesuit father. From then on, they are referred to as "Father" by others, and they take off the brown robe of the acolyte and don the black robe of the full Jesuit. Due to the terrible nature of the ritual, some falter and cannot continue; they are killed by the other trainees as instructed. Most of these new Fathers undergo a period of collapse after the ceremony; they are never the same again."
